

Dear Ladies and Gentleman,

My name is Chris Parson. I am here to speak to your about the continuation of No Fault Insurance.

I was involved in car accidents that resulted in a Traumatic Brain Injury, injured hip, and 2 broken knees. If it wasn't for the current No Fault Insurance, I would not have afforded the opportunity to receive rehabilitation services that were necessary for me to function again. I had to re-learn how to walk, talk, and write again. I also had to relearn how to problem solve, budget my money, and act appropriately in the public. Because of the rehabilitation I have received, I have been able to go back to work and participate in social affairs.

If it was not for the assistance I received I could not have gotten back to living within the community.

Thank you for listening to my story.
